

Specifications & Features

Model # FW5002-8

Hotdog and Food Steamer

This hotdog and food steamer can hold up to 164 hotdogs and 36 buns! The unique divided hotdog tray allows for different sizes of hot dogs or sausages to be cooked and merchandised simultaneously. Stainless steel construction and removable product trays and doors insure ease of cleaning. The steamer is equipped with a digital temperature control system that features a low water indicator alarm. When the unit detects low water in the unit, it will sound an alarm and automatically power itself down until water is added back into the unit by way of the water fill located in the front of the unit. Once the unit detects water is in the unit, the steamer will automatically turn itself back on and you are back in business!

FEATURES:

- Digital temperature display and control
- Low water indicator alarm
- Stainless steel construction
- Easy to clean
- Removable product trays and doors for easy sink or dishwasher cleaning
- Accommodates any size hotdogs and sausages
- Sliding doors for easy access to food-zone
- Limited manufacturers warranty
